

RULES AND REGULATIONS FOR SPRING TRIP

1. NEVER go anywhere alone. Always travel in groups, especially in the parks. This includes all transportation to and from the parks.
2. Do not order pay per view movies or make long distance calls at the hotel. If you need to call home, use a cell phone.
3. In the parks, if you are in need of medical attention call your chaperone first and then report to the first aid station in each park.
4. All prescription medications must be turned into the nurse on the trip. She will be available for parents to talk to prior to departure. Over the counter medications such as aspirin, cold medicine, sinus medicine, etc. may be kept by each student. There are 2 exceptions to this rule: asthma inhalers and Epipens.
5. Do not order pizza unless there is at least one hour until you are supposed to be in your room. Any pizza ordered after this time that is not delivered before 11:00pm will be confiscated and eaten at your expense!!!
6. There is no reason whatsoever to be out of your room after curfew. If there is an emergency, contact a chaperone by phone. Breaking curfew is reason enough to be sent home at your parent's expense.
7. Eating well and drinking water will help keep you healthy on this trip. Do not skip meals.
8. The schedule will change. Be flexible and go with the flow. Change is constant.
9. While you are on this trip, you represent York County, Grafton High School, the band, the band directors, your parents and yourself. Please dress and act in a way that is appropriate at all times, and this includes any swimming that will be done at the hotel. Make sure your swimsuit is appropriate.
10. Think twice before doing anything. If it is at all questionable, it is probably best not to do it. Ask for permission first before you ask for forgiveness later.
11. Please keep your music to yourself. Use your own personal listening device with headphones only.
12. There will be no changing of rooms unless it is approved by a band director. These changes will only be made in extreme circumstances.
13. All luggage and bags may be subject to search at any time during the trip.
14. Refuse and report to any chaperone or staff member any offer or suspicion of any controlled substance in your midst.
15. **There will be no backtalk or disrespect tolerated towards any chaperone. No exceptions!**
16. Please know the size of your carry on bag to avoid any delays or extra fees at the airport.
17. Groups of mixed company MAY be allowed to watch a movie, eat a pizza, etc. as long as a chaperone is notified and the group is supervised. The door must be open 90 degrees and the curtains on the windows (if there are any) must be open. There should never be a one-on-one situation in a hotel room.
18. All York County School Division rules are in effect for the duration of the trip (orange card)
19. Be on time to all activities and scheduled events.
20. Every student needs to have a picture ID (driver's license, military ID, Grafton HS Student ID Card) with them on this trip. The airlines require it to go through security.
21. Students will not be allowed to leave the theme parks during the day.

WE HAVE REVIEWED THESE RULES AND AGREE TO ABIDE BY THEM.
