6. Carry-on items for the bus are listed as one small bag, pillow, smaller cooler and a blanket.
7. It's ok and even encouraged for you to bring snacks on the bus to eat. Just be sure to clean up your trash.
8. There will be no guitars/ukuleles allowed on the buses.
9. There is to be not talking or disruption to the chaperones as they take roll. You need to sit in your seat and make sure that you are listening for your name to be called every time that the chaperones take roll.
10. Keep your bus clean. Throw away all trash and do not use the toilets unless it is an emergency.
11. On stops on the trip, only go to restaurants or areas that are designated by the chaperones. Do not be late getting back on the bus. Do not go anywhere alone.
12. We recommend that students use a backpack/drawstring bag or something to carry things around in the park. Each student does not need one, but several students in groups can use them to hold souvenirs, extra clothes, jackets and other necessities while we are in the park.
13. You need to pack anything that you will need for the water park at the Kalahari resort in your carry-on bag. This should include your swimsuit, a cover up or T-shirt and a pair of flip-flops or water shoes. You will have limited access to your luggage until we check into the hotel on Saturday evening.

WHEN YOU ARRIVE AT GRAFTON

1. When you arrive at Grafton, if the buses are already here, you may go ahead and place your own luggage neatly underneath the bus. If the bus is not here, there will be orange cones marking the 2 bus loading areas. These cones will be placed on the curb beside the band room. Please place your luggage for your bus in these designated spots. Your carry on will go with you in the band room.
2. When you get into the band room, find your chaperone and check in. They will have a stand with their name on it near the back of the band room.
3. Turn in any prescription medication to the nurse
4. We will load the buses by seniority. Do not attempt to load the buses before your class or you will be the last to load after the freshman.

SPRING TRIP BEHAVIOR REMINDERS

1. Your behavior in the hotel is still a reflection of the group. Remember to act accordingly.
2. When you are in Cleveland, including Cedar Point, you must be in a group. Please don't leave the designated areas that are set aside for the day. Listen for instructions and where to meet and at what time. Do not make the group wait on you.
3. I have not had to send anyone home from a trip in 27 years. Do not be the first. Infractions that will get you sent home early are: Alcohol, Drugs or Drug Paraphernalia, Shoplifting, breaking curfew and sexual relations.....
4. Think before you act. If what you are about to do or say is not for the good of the group, DON'T DO IT!!
